## EVANS CONVICTED GETS \$50 AND 30 DAYS

The trial of J. W. Evans yesterday on a charge of selling liquor resulted in his conviction. The court fixed his punishment at \$50 and thirty days. Notice of appeal was given and Evans made bond.

The case was bitterly fought throughout, but the city had a strong chain of evidence that the defense failed to break, and the conviction followed. Owing to the features connected with the arrest of Evans, it has attracted more attention than is ordinarily given a case of the kind.

## CANADIAN FOREST FIRES CHECKED

Toronto, July 13.—Reports tonight from Northern Ontario points are to the effect that the forest fires which for several days have swept over a section of country extending 300 miles northward from Bay and covering a wide strip east and west either have been extinguished or are under control.

No further extensive damage or loss of life is expected. The towns of Cochrane, South Porcupine and Pottsville have been obliterated. The fire swept clean the townships of Langmuir, Eldorado, Shaw, Delo Oro, Ogen, McArthur and Cripple Creek districts. The known dead total 122, the majority of whom lost their lives at South Porcupine. There are believed to have been many other fatalities and estimates based on un-

verified reports run as high as 400. A relief train left North Bay this afternoon with supplies. Plenty of funds have been subscribed in this city or immediate help.

Refugees from the burned area say that it covers 11,000 square miles, comprising a district that once housed 20,000 people. From every quarter have come fugitives who escaped the flames, many of them badly burned in their flight.

It is evident that it will be some days before any accurate idea of the total number of dead is available, perhaps weeks. Many of the terror-stricken fled into the interior. Others who possibly survived the storm of fire are believed to have died from exhaustion.

## FREE DELIVERY ROUTE TO BEBEE AND CENTER

Although rural free delivery has been the order of the day in all parts of the United States for many years, Pontotoc county has not until the present time enjoyed any of the advantages of the system, due to the want of roads in this section. However, since statehood many improvements have been made in the public highways, until at last there will be a route out of Ada, and it will be only a short time until others are established.

A few days ago Postmaster Winn and an inspector went over the proposed route and the officer promised a favorable report and that insures the success of the application.

The route will pass the cemetery, thence a mile west, two miles north, two west, north one, west two and south one-half mile to Bebee. From there it will lead directly to Center and back to Ada, thereby replacing the present star route. It is needless to add that this will prove a great convenience to all parties concerned.

## Fire Damage at Tulsa.

Tulsa, Okla., July 13.—Fire in the residence district of this city at an early hour this morning did damage to the extent of about \$25,000. The Tulsa furniture factory and the Colonial hotel were burned when the fire first broke out. After it had been gotten under control a second blaze destroyed a small confectionery store and the Hitchcock & Whitney blacksmith shop.

Charley and Ben Floyd and W. B. Blevins made a business trip to Konawa yesterday afternoon.

## GOSPEL TENT ON NORTH SCHOOL GROUND

At the tent last night Roy Etheridge spoke in the absence of Leroy M. Anderson who was at El Reno assisting in the graduating exercises of a teacher training class. Mr. Etheridge spoke on Naaman the leper, especially emphasizing the demand God makes for faithful obedience.

Mr. Anderson will speak tonight, the subject being "Throngers or Touchers."

## MORE ABOUT DEMONSTRATION

STATE AGENT BENTLEY WRITES A. H. BURGESS CONCERNING WORK AND ITS SCOPE.

Yukon, Okla., July 12, 1911.  
Hon. A. H. Burgess, Sec., Ada Retail Association, Ada, Okla.

Dear Sir:—Yours of the 10th inst. received. Mr. F. F. Ferguson, or myself will call upon you at an early date, probably some day next week to confer with you relative to putting our work into your county.

We will not have the funds this year to put our work into but very little new territory, unless we can secure some co-operation from the local people in a financial way. The department always makes special efforts to put in the work wherever the people want it bad enough to help bear part of the expense. We have found that the best results are always obtained where the local people help bear part of the expense. This causes them to have a greater personal interest and that stimulates the agent to his best efforts. We are so sure that this is the best policy, that whenever we find a locality where the people are willing to bear part of the expense of the local agent we will meet them, if to do so makes it necessary to discontinue the work in some county where

the local people are not helping and the work is not as successful as it should be.

The success of the work depends on two things. First a competent, energetic, honest and effective man for the agent and second the hearty support and co-operation of the business men of the towns. These two forces working in harmony together will increase the productive capacity of your farms thousands of dollars in a very short time.

We pay our county men \$75 per month, they to provide their own horse and buggy and bear all their expenses, for not longer than nine months per year. For the best results an agent should work continuously except possibly during August and a short time during the holidays in winter. It is very hard to get a good man at the salary we are permitted to pay. Where the local people pay part of an agent's salary we are glad to consider their wishes as to who the local agent shall be, provided he comes within the requirements of the department. It is required that the proposed agent be a practical up to date farmer, not too old nor too young. Free from bad habits and have fairly good education. It is desirable to get a man who has weight with the farmers, has not been tangled up in political, or other controversies and would likely be skillful in getting farmers to adopt better methods of farming.

Nine months at \$75 is \$675 and we have not that amount in sight for work not already planned for, however I feel safe in saying that the department will take care of the \$375 if you can meet the balance, or if you wish a higher priced man or longer time we will try to meet a larger per cent of it.

Hoping that we can arrange for the work for your county and that it will prove profitable to you, I am  
Very truly yours,  
W. D. BENTLEY.

## THE CHIEF LANDS NEGRO BOOTLEGGER

The News made a bad mistake yesterday when it stated that the negro, John See, escaped capture after his break away from the chief. As a matter of fact the chief spent the night on a freight car in that vicinity waiting for the negro to return, and early in the morning his vigilance

was rewarded when the negro evidently thinking the coast was clear came sneaking back. He was nabbed and locked up and is awaiting trial.

The News reporter learned of the first part of the story on his arrival at town shortly before six o'clock yesterday morning before the chief had captured his man, and in the rush of business forgot to make any further inquiry during the day, and just before going to press the article that appeared in the paper was written. It is not often that a man escapes when the Ada police get after him.

Mrs. Littlefield of Sulphur Springs, Texas, arrived yesterday afternoon for a visit to Mrs. W. C. Lee.

## FOOT RACE BETWEEN COOK AND POLICEMAN

Following the Evans trial yesterday afternoon, a lively foot race took place between Patrolman Harris and J. A. Cook, who on the witness stand in the Evans case admitted that the liquor found in Evans' house, which caused so much trouble, belonged to himself. He was arrested, and on pretense of going down the street to find bondsmen, made an effort to secure leg bail. The officer took up the chase and after running some 300 or 400 yards and firing a shot or two in the neighborhood of the fleeing man's feet, finally landed him and brought him back for safe keeping in the city holdover.

Cook is the proprietor of a hamburger stand on North Broadway.

## White Slavers Arrested.

Kansas City, Mo., July 14.—Carl W. Doss and Tyron O. Quinn of Oklahoma City were turned over to the federal authorities here on the charge of having violated the white slave law. The two men are charged with having brought two women, Grace Tucker and Mildred Jones Wells, from Oklahoma City to Kansas City for immoral purposes. The preliminary of the men has been set for July 19, and their bonds at \$2,500 each. It is said that both the women have been married and have children. They were not placed under arrest.

## GETTING READY FOR TRADES DAY

Last evening the hustling Trades committee, composed of A. H. Burgess, S. M. Shaw, R. W. Simpson, J. L. Huber, W. S. Morrison, Orville Snead, L. Rosenfield, Prof. Cox and L. A. Ellison, met at the Harris hotel building where the exhibits of the big day will be displayed, shucked off their coats, and went to work arranging the room. Mr. Rosenfield proved an adept at the work of decorating the room, and the others lent their help in arranging things. Had all the material ordered been sent to the place these hustlers would have completed the entire job. One thing goes without saying: If the occasion is not a complete success, it will be due to no fault of the committee.

## SENATE WILL FAVOR REAPPORTIONMENT

SENATOR GORE WIRES THAT VOTE WILL BE TAKEN ON BILL AUGUST 3.

Washington, D. C., July 14. \*  
\* Reuben Roddie, Ada, Ok. \*  
\* Senate just agreed to vote on \*  
\* reapportionment bill August 3rd. \*  
\* It will pass. T. P. GORE. \*  
\*\*\*\*\*

Such is the text of a telegram from Senator Gore to Senator Roddie received today. As the measure will add three members to Oklahoma's delegation in congress, it will be seen that the bill is of considerable interest and importance to this state. Sometime before the opening of the next campaign, Gov. Cruce will in all probability call a special session of the legislature to redistrict the state. A general battle is likely to take place in the legislature. In the first place it will be the aim of that body to make all districts safely democratic, and in the second, it will be necessary to harmonize many elements of the democratic party, on account of there being many avowed candidates for congressional honors.

## FRISCO AGRICULTURIST WILL ARRIVE SUNDAY

I. McNair is in receipt of a telegram from F. S. White, agricultural and horticultural commissioner of the Frisco, stating that he will arrive Sunday afternoon on the 5:10 train. That will put him here in time to have a full day with the people attending Trades Day. Not only will his lecture be full of interest but it will also be full of valuable information, and a visit to his car will likewise prove profitable. A special committee has been appointed to meet Mr. White at the depot and welcome him to Ada.

## HICKORY DEFEATS ADA, 8 TO 3

Yesterday an Ada team, hastily gathered together, played the Hickory team. The score was 8 to 3 in favor of the visitors. Although most of the Ada boys were badly out of practice, they played a good game, and it was by no means as one sided as the score might indicate. Currie made two runs and McCain one. Maddox made a two base

hit, and McCain made a record by stealing six bases.

For the Hickory team two runs were made by Moseley and Marth and one each by Moorhead, Holbrook, Moore, (home run) and Middleton.

The line-up was as follows:  
Ada—Currie, catcher; Jones, pitcher; Everett Reed, third base; Davidson center field; Earnest Reed, second base; Hopt right field, McCain short stop. McMillan, 1st base; Maddox, center field.  
Hickory—Moseley, 1st base; Moorhead, 2nd base; Holbrook, short stop; C. Moore, left field; Welsh, 3rd base; Middleton, catcher; Marth center field; English, right field; Vesel, pitcher.

## SERIAL STORY FOR READERS OF NEWS

In a day or two the News will begin the publication of a popular serial story entitled: "The Girl of My Dreams." The story is written from the famous play of that name, and very laughable throughout. It is the intention of the News to run two, or three instalments each week until the story is completed.

## Searching for Lost Boy.

Mrs. W. G. Currie is in receipt of a letter from the mother of Richard Nelson Lynn, a boy about 10 years of age, last heard from at Ada. The mother is extremely anxious to locate her son again, and if he is still in Ada, is requested to communicate with Winburn Currie.

## AT THE BUSY DRUG STORE

Is seldom realized by many people. Even in good health one cannot use decayed vegetables or meats. It would not strengthen you as your food is intended to do. Neither do you care for fruits or flowers unless they are fresh.

You do not take drugs unless you are already ill, so it is even of more importance that they should be pure and fresh.

We give you the best and freshest drugs that money can buy. All prescriptions are properly prepared. We ask for your business on these principles. Isn't it good policy for you to patronize us on them?

Ethel Barrymore, the noted act-  
 ress, has sued for a divorce from her  
 husband, Russell Coit. From all ac-  
 counts he was too frisky a Coit to  
 suit the lady. When turned out into  
 the cold world by his wife, he will  
 no doubt change his name to Rustle  
 Coit.

As you enter your home, if you  
 have one and a wife who rules over  
 it, you will hear a gentle (?) voice  
 say: "Clean the mud off your feet."  
 —Chickasha Express.

Editor Evans of the Express has  
 been married only two or three  
 weeks but the above item indicates  
 that he is learning fast.

Some men are convinced that there  
 is nothing but evil and hypocrisy in  
 the world because that is all they  
 are looking for. They never lift their  
 heads high enough from the filth in  
 which they delight to wallow to see  
 what is beyond them. Ahog wallow-  
 ing in the mud may think his mud  
 hole is the whole universe, and re-  
 fuse to believe that elsewhere are  
 clear and cooling streams of water,  
 running in beautiful purity through  
 the thirsty land, carrying gladness to  
 both the animal and vegetable king-  
 doms.

That the democrats have learned  
 the lesson of sticking together and  
 likewise adhering strictly to the  
 platform of the party was proven  
 again two or three days ago when  
 the lower house of the New York  
 legislature concurred in the senate's  
 action in ratifying the income tax  
 to the federal constitution. Only one  
 democrat voted against the measure,  
 although the many millionaires of the  
 state, must pay the greater por-  
 tion of the tax, made every effort  
 to defeat it. On the other hand, only  
 nine republican members had the  
 nerve to disregard the mandates of  
 their bosses and vote for it, the oth-  
 ers being solidly against the mea-  
 sure which is designed to force the  
 idle rich to bear an equitable share  
 of the burden of taxation. Straws  
 show which way the wind blows and  
 the New York incident is a fair il-  
 lustration of the two parties towards  
 the common people.

Several newspapers and magazines  
 are sending out warnings against im-  
 postors who are collecting money  
 from people, pretending to be agents  
 of the periodicals. It might be well  
 to look into any stranger's creden-  
 tials before paying him money for  
 something to be delivered in the fu-  
 ture.

## Indian Divorce Legal.

The legality of divorces, according  
 to Indian custom, is sustained by the  
 supreme court in the case of Azelda  
 Cyr vs. Dora Walker, from Potta-  
 watomie county, in an opinion by  
 Justice Hays. This involved the sta-  
 tus of Xavier Delonias, a Canadian  
 who was adopted by the Pottawatomie  
 tribe of Indians. He was married a  
 second time to a woman who was  
 not a member of the tribe, and later  
 divorced from her according to tri-  
 bal customs. The court holds that a  
 divorce of that sort which was rec-  
 ognized by the tribe would be rec-  
 ognized by the courts of the state.  
 The case attracted much attention at  
 the time it was tried in the courts  
 here.

## Her Hat.

I met a young girl on the street,  
 With a hat of exceptional spread;  
 She carried it well—quite a feat—  
 (As I passed her she nodded her  
 head.)  
 "Ah," I thought, "here's a chance  
 for a chat."  
 So I stopped her; but soon was told  
 that  
 I was wrong. (Her nodding misled)  
 She was trying to balance her hat.  
 I next saw her standing quite still,  
 Near the tracks where the passen-  
 gers land;  
 And a street car came swift down  
 the hill;  
 (As it passed her she threw up  
 her hand.)  
 So the motorman, jolly and fat,  
 Stopped his car. But he soon ob-  
 served that  
 The lady had made no demand—  
 She was trying to balance her hat.

I happened one day on the street  
 To notice her walking slow;  
 She staggered and scarce kept her  
 feet;  
 (Must have taken a bottle or so.)  
 Then an officer (sad to relate.)  
 Took her in, but the lady proved that  
 She never got drunk. (As you  
 know.)  
 She was trying to balance her hat.  
 —John L. Hobbie in Puck.

## PUBLISHERS OF OKLAHOMA CHARGED WITH LIBEL

Oklahoma City, July 14.—E. K.  
 Gaylord, business manager of the  
 Oklahoman, appeared in the office of  
 the county clerk Thursday morning  
 at 9 o'clock and furnished \$500 bail  
 for his appearance in the county  
 court from day to day and term to  
 term until such time as he may be  
 placed on trial on the charge of  
 criminal libel lodged against him  
 Wednesday afternoon by County At-  
 torney Sam Hooker at the solicita-  
 tion of Howard Tucker, one of the  
 owners of the Daily Pointer, a "free  
 paper." The bond was signed by E.  
 K. Gaylord, J. F. Seyforth and R. M.  
 Dickinson.

Roy E. Stafford, editor of the Ok-  
 lahoman, who is jointly charged with  
 Gaylord in the alleged criminal lib-  
 eling of Tucker, and who was cited  
 by warrant left on his desk in his  
 office in the Oklahoman building  
 Wednesday afternoon to appear in  
 court Thursday morning, did not ap-  
 pear. It was made known that Mr.  
 Stafford is out of the city. He will  
 appear and furnish bail when he re-  
 turns.

As editor and business manager of  
 the Daily Oklahoman, published by  
 the Oklahoman Publishing company,  
 which company publishes a free pa-  
 per known as the Evening Free  
 Press, Roy E. Stafford and E. K.  
 Gaylord are jointly charged with be-  
 ing responsible for the publication  
 in the Free Press in its issue of  
 November 26, an article alleged to be  
 criminally libelous concerning the  
 Tucker brothers, publishers of the  
 Pointer.

The situation is the result of a  
 fight the Oklahoman Publishing com-  
 pany and the Tucker brothers have  
 been engaged in for several months,  
 during which time many columns of  
 matter have been printed by both  
 papers in an effort of the publishers  
 in each side to hold each other up  
 to public view in an unfavorable  
 light.

## MAY PROSECUTE DEALERS IN IMITATION BEERS

Oklahoma City, Ok., July 13.—Deal-  
 ers in near-beer in Oklahoma can  
 find little consolation in an opin-  
 ion received by U. S. Russell, chief  
 pure food and drug inspector of the  
 state department of health, from at-  
 torney General West in response to  
 an inquiry as to whether the sell-  
 ing of imitation beers is a violation  
 of the state prohibitory laws.

While the opinion of the Attorney  
 General does not state specifically  
 that such drinks are tabooed by the  
 law, he cites the Health Department  
 to the decision of the criminal court  
 of appeals in the Moss case, in  
 which it was held that the sale of  
 imitations and substitutes for intox-  
 icating liquors is illegal.

Inspector Russell took the matter  
 up with the Attorney General when  
 complaints were called to his at-  
 tention that manufacturers of sub-  
 stitute beers, were being prosecuted  
 by the County Attorneys of Bryan  
 and McCurtain counties. Mr. Russell  
 has had the beverages in question  
 analyzed and finds they contain but  
 0.46 per cent alcohol. If such prod-  
 ucts were held to escape the provi-  
 sions of the prohibitory laws their  
 regulation would come under super-  
 vision of the Pure Food Department.  
 Commissioner Russell now is of the  
 opinion, however, that it is up to  
 the state enforcement department to  
 deal with the situation.

## MAY VOTE ON RECIPROCITY SOON

Washington, July 13.—As a result  
 of efforts made this afternoon and  
 tonight by Senator Penrose among  
 the republicans and Senator Martin  
 among the democrats and insurgents  
 it is believed that an all-round  
 agreement will be reached in the  
 senate tomorrow on dates for votes  
 on practically all the important leg-  
 islation now pending before the sen-  
 ate.

The agreement for the ratification  
 of which Penrose and Martin are  
 now working provides for a vote on  
 reciprocity on Saturday of next week  
 July 22; on the farmers' free list  
 bill on the following Monday, July  
 24, on the wool bill on July 29; on  
 the statehood bill on July 31, and  
 on reappointment Aug. 3.

All the democratic senators whom  
 Senator Martin has seen, and he has  
 had talks with most of them, in-  
 cluding senator Bailey, have assent-  
 ed to the arrangement. Senator La  
 Follette on behalf of the insurgents  
 has also given Senator Martin his  
 approval of the plan and the outlook  
 tonight is that it will be ratified by  
 all members of the senate tomorrow.  
 Senator Penrose will make the mo-  
 tion that the days designated be  
 set aside for votes on the respective  
 bills and it is confidently believed  
 that a unanimous agreement will be  
 forthcoming.

It is not clear tonight from what  
 source objection would come unless  
 from Senator Heyburn, who has of  
 late been something of a marplot,  
 owing to his bitter hostility to the  
 passage of the reciprocity bill.

Bailey's Wool Plan Defeated.  
 Another small advance toward vot-  
 ing on reciprocity was made today  
 when the Senate voted down Sena-  
 tor Bailey's wool bill as an amend-  
 ment to reciprocity. As in the case  
 of his free list bill, Senator Bailey  
 waived the calling of the ayes and  
 nays and save for the meagerness of  
 the response in the affirmative on  
 his amendment there is no way of  
 judging how many or how few votes  
 this amendment received. There yet  
 remain a sugar amendment and some  
 textile amendments to the bill to be  
 offered by Senator Bristow and La  
 Follette.

## PLEADS GUILTY TO BOOTLEGGING

J. A. Cook today entered a plea of  
 guilty to the charge of bootlegging  
 preferred against him in the police  
 court, and was given the usual fine  
 of \$50 and 30 days in the calaboose.

Mrs. A. L. Jones of Allen, is vis-  
 iting her sister, Mrs. Orel Harper.

## GOES TO JURY

The Liflely Black case went to the  
 jury shortly after 3 o'clock this aft-  
 ernoon, but no verdict had been re-  
 turned when the paper went to press.  
 Attorney Davenport opened for the  
 prosecution. He was followed by Jno.  
 Crawford for the defense. E. G. Mc-  
 Adams closed for the defense and  
 County Attorney Wimbish for the  
 prosecution.

The next case to go to trial will  
 probably be one against H. T. Gillam,  
 charged with stealing a horse from  
 parties near Allen last year.

## COLBERT PICKUPS.

Well, we had a very nice day last  
 Sunday, everybody seemed to be en-  
 joying themselves, thinking that we  
 will get a rain in a few days.

Mr. Tom Trout and family took  
 dinner with H. P. Marimon Sunday  
 and seemed to have lots to eat. They  
 could hardly get back to singing.

Mr. Bazemore and family were  
 the guests of Mr. Tom Bennett Sat-  
 urday night and Sunday and reports  
 a good time Saturday night eating  
 ice cream.

Mr. Tom Kent and family were the  
 guests of Mr. McAnally's Sunday.

Mr. Will Curby was seen at Col-  
 bert Sunday. Wonder why he has  
 waited so long to return.

Mr. Peat Neel from Egypt was  
 seen at Colbert again Sunday.

Mr. Walter Floyd was seen gaz-  
 ing on the pretty girls at Colbert  
 Sunday night. Wonder why he leaves  
 Egypt and comes to Colbert, there  
 must be some one that he loves to  
 see.

Mr. Daugherty Colbert, Richard  
 Colbert, and C. H. Keel have been  
 attending a big meeting at High  
 Hill and report a good time while  
 down there.

I wished everybody could have  
 been at singing and preaching Sun-  
 day night. We sang for a few min-  
 utes after which we turned it over  
 to Rev. Charley Stringer he preach-  
 ed a nice sermon. His text was:  
 "In the last day, that great day of  
 the feast, Jesus stood and cried, say-  
 ing, if any man thirst, let him come  
 unto me, and drink."

Well it won't be long till the big  
 meetings commence. The first will  
 be conducted by Mr. Gwin beginning  
 on the 14th of July, the next one  
 the 29th, and the next one August  
 5th. We built a big arbor expecting  
 large crowds.

## THE BABY.

## VANOSS VAPORS.

Still dry and hot. Some rain, but  
 not enough. The cotton looks very  
 well.

The Masons are having school  
 taught here. Prof. Rice is the lec-  
 turer.

Chas. M. Long and W. J. Walker  
 have been attending business at the  
 county seat this week.

Frank and Paul Sturdevant are on  
 a trip to Mill Creek this week.

Miss Matia Woods has returned  
 from Roff where she has been vis-  
 iting.

Mrs. J. E. Kinsey is visiting her  
 mother at Chickasha.

W. F. Hawkins and family, of  
 Wynnewood are visiting his parents,  
 Mr. and Mrs. R. M. Hawkins this  
 week. He says they had a fine rain  
 at Wynnewood last week.

P. A. Templeton has returned from  
 Pauls Valley, where he attended the  
 Normal.

W. A. Goulr is visiting his broth-  
 er, Joe Goulr, near here this week.

W. J. Walker took quite a number  
 of hands with him to his saw mill.  
 W. J. says he is doing a good busi-  
 ness.

W. D. Westmoreland is moving to  
 West Vanoss where he will reside  
 in the future.

W. S. Tinsley has accepted a po-  
 sition in a barber shop at Ada.

Prof. E. N. Jones began his school  
 at Trager school house near Strat-  
 ford Monday.

Eli Morris, the deputy sheriff, has  
 been rounding up some of the boys  
 here during the last week, but every-  
 thing is very quiet at present.

H. K. Brumley and Dr. Sturdevant  
 are still taking members in the Don't  
 Worry and Do Nothing Club. They  
 say P. A. Templeman has joined and  
 is making a good member, for P. A.  
 was never known to worry and it is  
 well known that work won't stay  
 with his name. J. S. Jones states  
 that the boys buy lots of cigars pay-  
 ing fines, and he ought to know as  
 he stays at the Lyon Drug Store and  
 is a good member himself. The boys  
 are a little uneasy about Bob Wal-  
 ker for he is a good member and  
 as he is visiting out at Bebee this  
 week, they are afraid if he works  
 any they won't get his fine. Bob  
 will do the right thing about it, any-  
 way.

# There's Not a Store In Town

That Would, In Six  
 Months From Now  
 Be Half as Important  
 as it is Now, if it  
 Should Stop Adver-  
 tising During That  
 Time!

Isn't that perfectly true—perfectly logical?  
 Can you imagine any store of which it would  
 not be true?

And, if true, does it not follow that the re-  
 verse of the proposition is true, too—that the  
 store that doubles its accustomed advertising  
 for the next six months will also double its ac-  
 customed store growth for that period?

And does not this, also, apply to any store  
 you can think of in this town?

## LEADER OF "ABSOLUTE LIFE" GOES TO PEN

Chicago, July 14.—Evelyn Arthur  
 See, founder of the Absolute Life  
 cult, the chief tenet of which was  
 said to be the establishment of a  
 perfect race, Thursday night was  
 found guilty of the abduction of  
 Mildred Bridges, the 17-year-old dis-  
 ciple of the cult. The jury was out  
 only forty-five minutes, and is said  
 to have taken but one ballot. The  
 statute fixes the penalty at from one  
 to ten years in the penitentiary. The  
 jury also returned a verdict of guilty  
 contributing to juvenile delin-  
 quency, which has been incorporated  
 in the abduction charge.  
 They were instructed to retire and  
 return with a single verdict. Coun-  
 sel for See offered the claim that the  
 return of two verdicts necessitated  
 a new trial and made an immediate  
 appeal for a retrial of the case.

Mrs. W. B. Barry left on a visit to  
 relatives at Sulphur yesterday after-  
 noon.

## THE TENT MEETING

8TH AND OAK AVENUE

Last night in the subject, "Jew and Gentiles Compared," it was plainly shown by the Bible that the Jews had advantage because to them, the Israelites, pertained the adoption, the glory, the covenants, the giving of the law, the service of God and the promises, who, also were the earthly ancestors of Christ. God had organized them and intrusted them with the giving of the gospel to the gentile nations about them because they were the best fitted to undertake that work of any people at that time. But because of their wickedness and unfaithfulness God had to overthrow their nation in order that the gospel might go to the gentile world, a work which they failed to accomplish because of selfishness. But no gentile will be found in heaven for this is one name for a sinner and

when a gentile or sinner is converted (in truth) he is no longer a gentile but "a Jew inwardly," an "Israelite indeed."

God never made a covenant with the gentiles.

## WILLIAMS SCORES KEYBURN FOR SLURRING CONFEDERACY

Washington, July 13.—A characterization of the Confederacy as "an infamous cause" by Senator Heyburn of Idaho brought from Senator Williams of Mississippi a bitter rebuke in the senate today.

"But for the parliamentary rules that restrain me" declared Mr. Williams, "I would have a few words to say about the kind of human being in whose heart such thoughts can exist."

Senator Williams had asked to have "Jim" Jones, the 32-year-old negro who had been Jefferson Davis' bodyguard and in whose custody the seal of the Confederacy was intrusted retained on the senate payroll as a laborer.

Senator Heyburn acquiesced in retention of the negro for his service formerly given to the senate, but "not because of loyalty to the glory of an infamous cause."

Senator Williams replied with great feeling that he was "not prepared to hear a civilized man in the twentieth century call 'an infamous cause' the cause for which his (Williams') father laid down his life."

"Lee and Jackson may have been wrong," added Mr. Williams.

"That the government is now in existence is a case for congratulation to the children of the men who died with Lee and Jackson, but I can not express the sentiment I have for a human being in whom such sentiments can remain as have been expressed here.

"There is no right of American citizenship that permits a man to insult the dead."

"Well, was it a glorious cause?" asked Mr. Heyburn.

"There was much glory in it," replied Mr. Williams.

The senate sustained Senator Williams by a vote of 37 to 18, leaving Jones on the payroll at \$720 a year as a laborer.

Mr. Heyburn voted against the negro.

## GOOD INCREASE IN POSTOFFICE RECEIPTS

The material progress of a community can always be measured by the postoffice receipts. From a comparison of the figures of the Ada office for the past three years, it will be seen that Ada is steadily forging to the front.

For the year ending June 30, 1909, the receipts were \$9,834.58; 1910, \$12,096.20; and for 1911 the figures stand at \$14,083.46. The number of registered pieces passing through the office for the year ending June 30, 1910, was 2,331; 1911, 2,653.

The improvement in the service at the Ada office during the past year have been most gratifying. It is now in much larger and more comfortable quarters than before, and two additional clerks were employed during the year, thus enabling the mail to be handled much more rapidly than would otherwise be possible. Postmaster Winn has worked faithfully to thoroughly systematize the business of the office, and has succeeded most admirably. Through his efforts a postal savings bank was established. He has secured favorable action on the application of free delivery, nothing much remaining to be done except to number the houses and last of all has secured the promise of a rural route.

The welfare of the employees of the office has also been well taken care of. Electric fans have been installed and the work so arranged that each man in the office has to work only one Sunday out of three. This has been accomplished without any impairment of good service, and no complaint has been heard on account of the curtailment of the Sunday work in the office.

Sometime ago he made requisition for a stamp cancelling machine and will probably receive it in a short time. This will add still more to the efficiency of the Ada office.
